

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Terri A. Sewell:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Alabama's 7th Congressional District:

Job Training

In Alabama's 7th Congressional District, **23,000 youth and 164,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$7.7 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$625,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Alabama's 7th Congressional District, an estimated **76,000 children benefited from federal Title I education funding in 2021**, including 33,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$58.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$68.9 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Alabama's 7th Congressional District, there were 18,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$370 million in 2020 providing healthcare to 18,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$81.3 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Tom O'Halleran:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Arizona's 1st Congressional District:

Job Training

In Arizona's 1st Congressional District, **29,000 youth and 160,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$6.4 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$520,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Arizona's 1st Congressional District, an estimated **24,000 children benefited from federal Title I education funding in 2021**, including 31,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$51.0 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$60.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Arizona's 1st Congressional District, there were 23,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$231 million in 2020 providing healthcare to 19,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$50.9 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Ann Kirkpatrick:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Arizona's 2nd Congressional District:

Job Training

In Arizona's 2nd Congressional District, **24,000 youth and 144,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$448,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Arizona's 2nd Congressional District, an estimated **9,000 children benefited from federal Title I education funding in 2021**, including 16,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$24.9 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$29.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Arizona's 2nd Congressional District, there were 32,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$403 million in 2020 providing healthcare to 28,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$88.7 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Raúl M. Grijalva:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Arizona's 3rd Congressional District:

Job Training

In Arizona's 3rd Congressional District, **32,000 youth and 186,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$7.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$586,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Arizona's 3rd Congressional District, an estimated **69,000 children benefited from federal Title I education funding in 2021**, including 31,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$50.2 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$59.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Arizona's 3rd Congressional District, there were 17,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$231 million in 2020 providing healthcare to 15,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$50.9 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Ruben Gallego:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Arizona's 7th Congressional District:

Job Training

In Arizona's 7th Congressional District, **43,000 youth and 227,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$9.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$753,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Arizona's 7th Congressional District, an estimated **58,000 children benefited from federal Title I education funding in 2021**, including 40,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$67.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$79.6 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Arizona's 7th Congressional District, there were 13,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$186 million in 2020 providing healthcare to 10,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$41.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Greg Stanton:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Arizona's 9th Congressional District:

Job Training

In Arizona's 9th Congressional District, **30,000 youth and 150,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$6.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$504,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Arizona's 9th Congressional District, an estimated **16,000 children benefited from federal Title I education funding in 2021**, including 19,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$30.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$35.8 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Arizona's 9th Congressional District, there were 16,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$186 million in 2020 providing healthcare to 12,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$40.8 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Jared Huffman:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 2nd Congressional District:

Job Training

In California's 2nd Congressional District, **13,000 youth and 102,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$239,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 2nd Congressional District, an estimated **48,000 children benefited from federal Title I education funding in 2021**, including 10,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$16.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$19.8 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 2nd Congressional District, there were 16,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$223 million in 2020 providing healthcare to 12,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$49.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 3rd Congressional District:

Job Training

In California's 3rd Congressional District, **20,000 youth and 130,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$340,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 3rd Congressional District, an estimated **73,000 children benefited from federal Title I education funding in 2021**, including 17,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$29.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$34.5 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 3rd Congressional District, there were 19,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$197 million in 2020 providing healthcare to 14,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$43.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Mike Thompson:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 5th Congressional District:

Job Training

In California's 5th Congressional District, **14,000 youth and 119,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.3 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$269,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 5th Congressional District, an estimated **39,000 children benefited from federal Title I education funding in 2021**, including 9,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$16.0 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$18.9 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 5th Congressional District, there were 14,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$202 million in 2020 providing healthcare to 11,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$44.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

CHAIR ROSA DELAURO

Prepared for Representative Jerry McNerney:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 9th Congressional District:

Job Training

In California's 9th Congressional District, **23,000 youth and 155,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.8 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$395,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 9th Congressional District, an estimated **91,000 children benefited from federal Title I education funding in 2021**, including 25,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$49.6 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$58.6 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 9th Congressional District, there were 11,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$164 million in 2020 providing healthcare to 9,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$36.1 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Josh Harder:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 10th Congressional District:

Job Training

In California's 10th Congressional District, **22,000 youth and 153,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.8 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$387,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 10th Congressional District, an estimated **97,000 children benefited from federal Title I education funding in 2021**, including 19,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$33.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$39.9 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 10th Congressional District, there were 11,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$168 million in 2020 providing healthcare to 9,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$37.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Mark DeSaulnier:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 11th Congressional District:

Job Training

In California's 11th Congressional District, **13,000 youth and 113,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.1 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$256,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 11th Congressional District, an estimated **36,000 children benefited from federal Title I education funding in 2021**, including 12,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$19.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$23.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 11th Congressional District, there were 8,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$121 million in 2020 providing healthcare to 7,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$26.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Nancy Pelosi:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 12th Congressional District:

Job Training

In California's 12th Congressional District, **10,000 youth and 118,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.8 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$229,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 12th Congressional District, an estimated **21,000 children benefited from federal Title I education funding in 2021**, including 7,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$13.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$15.7 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 12th Congressional District, there were 7,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$250 million in 2020 providing healthcare to 6,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$54.9 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Barbara Lee:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 13th Congressional District:

Job Training

In California's 13th Congressional District, **20,000 youth and 137,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.3 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$349,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 13th Congressional District, an estimated **49,000 children benefited from federal Title I education funding in 2021**, including 14,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$26.6 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$31.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 13th Congressional District, there were 6,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$119 million in 2020 providing healthcare to 6,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$26.2 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Jackie Speier:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 14th Congressional District:

Job Training

In California's 14th Congressional District, **12,000 youth and 94,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.7 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$222,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 14th Congressional District, an estimated **28,000 children benefited from federal Title I education funding in 2021**, including 5,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$7.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$8.8 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 14th Congressional District, there were 8,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$158 million in 2020 providing healthcare to 6,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$34.7 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Eric Swalwell:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 15th Congressional District:

Job Training

In California's 15th Congressional District, **8,000 youth and 86,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$178,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 15th Congressional District, an estimated **41,000 children benefited from federal Title I education funding in 2021**, including 8,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$10.6 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$12.5 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 15th Congressional District, there were 8,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$123 million in 2020 providing healthcare to 5,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$27.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 20th Congressional District:

Job Training

In California's 20th Congressional District, **24,000 youth and 139,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.7 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$383,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 20th Congressional District, an estimated **103,000 children benefited from federal Title I education funding in 2021**, including 15,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$25.6 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$30.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 20th Congressional District, there were 10,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$175 million in 2020 providing healthcare to 10,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$38.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Salud O. Carbajal:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 24th Congressional District:

Job Training

In California's 24th Congressional District, **28,000 youth and 120,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$398,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 24th Congressional District, an estimated **67,000 children benefited from federal Title I education funding in 2021**, including 12,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$18.7 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$22.1 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 24th Congressional District, there were 13,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$100 million in 2020 providing healthcare to 10,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$21.9 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Julia Brownley:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 26th Congressional District:

Job Training

In California's 26th Congressional District, **17,000 youth and 126,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.7 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$304,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 26th Congressional District, an estimated **73,000 children benefited from federal Title I education funding in 2021**, including 12,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$19.2 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$22.7 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 26th Congressional District, there were 11,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$84 million in 2020 providing healthcare to 8,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$18.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Judy Chu:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 27th Congressional District:

Job Training

In California's 27th Congressional District, **13,000 youth and 143,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.6 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$296,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 27th Congressional District, an estimated **48,000 children benefited from federal Title I education funding in 2021**, including 13,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$21.2 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$25.0 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 27th Congressional District, there were 6,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$52 million in 2020 providing healthcare to 4,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$11.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Adam Schiff:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 28th Congressional District:

Job Training

In California's 28th Congressional District, **14,000 youth and 162,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.0 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$327,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 28th Congressional District, an estimated **42,000 children benefited from federal Title I education funding in 2021**, including 12,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$28.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$33.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 28th Congressional District, there were 6,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$67 million in 2020 providing healthcare to 4,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$14.6 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Tony Cárdenas:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 29th Congressional District:

Job Training

In California's 29th Congressional District, **24,000 youth and 190,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.4 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$444,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 29th Congressional District, an estimated **84,000 children benefited from federal Title I education funding in 2021**, including 27,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$76.7 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$90.5 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 29th Congressional District, there were 5,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$95 million in 2020 providing healthcare to 4,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$21.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Brad Sherman:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 30th Congressional District:

Job Training

In California's 30th Congressional District, **16,000 youth and 131,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.7 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$300,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 30th Congressional District, an estimated **38,000 children benefited from federal Title I education funding in 2021**, including 12,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$33.6 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$39.7 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 30th Congressional District, there were 8,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$85 million in 2020 providing healthcare to 5,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$18.8 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Pete Aguilar:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 31st Congressional District:

Job Training

In California's 31st Congressional District, **26,000 youth and 164,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.4 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$438,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 31st Congressional District, an estimated **99,000 children benefited from federal Title I education funding in 2021**, including 25,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$50.1 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$59.1 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 31st Congressional District, there were 10,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$193 million in 2020 providing healthcare to 9,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$42.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

Prepared for Representative Grace Napolitano:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 32nd Congressional District:

Job Training

In California's 32nd Congressional District, **22,000 youth and 175,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.1 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$415,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 32nd Congressional District, an estimated **89,000 children benefited from federal Title I education funding in 2021**, including 20,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$33.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$39.6 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 32nd Congressional District, there were 5,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$71 million in 2020 providing healthcare to 5,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$15.6 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Ted Lieu:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 33rd Congressional District:

Job Training

In California's 33rd Congressional District, **9,000 youth and 80,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$178,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 33rd Congressional District, an estimated **10,000 children benefited from federal Title I education funding in 2021**, including 5,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$9.7 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$11.5 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 33rd Congressional District, there were 7,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$155 million in 2020 providing healthcare to 5,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$34.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 40th Congressional District:

Job Training

In California's 40th Congressional District, **34,000 youth and 230,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$7.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$584,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 40th Congressional District, an estimated **130,000 children benefited from federal Title I education funding in 2021**, including 37,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$95.0 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$112.1 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 40th Congressional District, there were 3,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$59 million in 2020 providing healthcare to 3,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$13.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Mark Takano:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 41st Congressional District:

Job Training

In California's 41st Congressional District, **31,000 youth and 169,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$484,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 41st Congressional District, an estimated **122,000 children benefited from federal Title I education funding in 2021**, including 21,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$41.1 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$48.5 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 41st Congressional District, there were 10,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$148 million in 2020 providing healthcare to 9,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$32.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Maxine Waters:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 43rd Congressional District:

Job Training

In California's 43rd Congressional District, **23,000 youth and 176,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$423,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 43rd Congressional District, an estimated **80,000 children benefited from federal Title I education funding in 2021**, including 22,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$52.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$61.8 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 43rd Congressional District, there were 8,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$148 million in 2020 providing healthcare to 7,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$32.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

Prepared for Representative Nanette Diaz Barragán:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 44th Congressional District:

Job Training

In California's 44th Congressional District, **31,000 youth and 206,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$6.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$526,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 44th Congressional District, an estimated **96,000 children benefited from federal Title I education funding in 2021**, including 30,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$75.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$88.8 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 44th Congressional District, there were 6,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$120 million in 2020 providing healthcare to 5,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$26.3 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Katie Porter:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 45th Congressional District:

Job Training

In California's 45th Congressional District, **16,000 youth and 86,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.1 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$251,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 45th Congressional District, an estimated **26,000 children benefited from federal Title I education funding in 2021**, including 9,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$13.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$16.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 45th Congressional District, there were 8,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$61 million in 2020 providing healthcare to 5,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$13.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 51st Congressional District:

Job Training

In California's 51st Congressional District, **30,000 youth and 200,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$6.3 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$517,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 51st Congressional District, an estimated **139,000 children benefited from federal Title I education funding in 2021**, including 25,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$52.1 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$61.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 51st Congressional District, there were 13,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$170 million in 2020 providing healthcare to 12,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$37.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Scott Peters:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 52nd Congressional District:

Job Training

In California's 52nd Congressional District, **14,000 youth and 100,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.0 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$243,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 52nd Congressional District, an estimated **20,000 children benefited from federal Title I education funding in 2021**, including 6,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$10.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$12.8 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 52nd Congressional District, there were 23,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$202 million in 2020 providing healthcare to 13,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$44.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Sara Jacobs:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on California's 53rd Congressional District:

Job Training

In California's 53rd Congressional District, **20,000 youth and 152,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$368,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In California's 53rd Congressional District, an estimated **54,000 children benefited from federal Title I education funding in 2021**, including 10,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$22.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$26.3 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In California's 53rd Congressional District, there were 20,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$252 million in 2020 providing healthcare to 21,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$55.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Diana DeGette:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Colorado's 1st Congressional District:

Job Training

In Colorado's 1st Congressional District, **18,000 youth and 133,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.4 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$273,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Colorado's 1st Congressional District, an estimated **73,000 children benefited from federal Title I education funding in 2021**, including 17,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$34.7 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$40.9 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Colorado's 1st Congressional District, there were 15,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$188 million in 2020 providing healthcare to 10,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$41.3 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Joe Neguse:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Colorado's 2nd Congressional District:

Job Training

In Colorado's 2nd Congressional District, **24,000 youth and 94,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$263,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Colorado's 2nd Congressional District, an estimated **11,000 children benefited from federal Title I education funding in 2021**, including 8,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$11.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$13.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Colorado's 2nd Congressional District, there were 12,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$132 million in 2020 providing healthcare to 11,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$29.1 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Jason Crow:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Colorado's 6th Congressional District:

Job Training

In Colorado's 6th Congressional District, **14,000 youth and 105,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.6 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$216,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Colorado's 6th Congressional District, an estimated **27,000 children benefited from federal Title I education funding in 2021**, including 12,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$18.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$22.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Colorado's 6th Congressional District, there were 17,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$210 million in 2020 providing healthcare to 12,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$46.2 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Ed Perlmutter:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Colorado's 7th Congressional District:

Job Training

In Colorado's 7th Congressional District, **16,000 youth and 111,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$234,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Colorado's 7th Congressional District, an estimated **35,000 children benefited from federal Title I education funding in 2021**, including 14,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$22.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$26.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Colorado's 7th Congressional District, there were 16,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$175 million in 2020 providing healthcare to 11,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$38.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative John Larson:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Connecticut's 1st Congressional District:

Job Training

In Connecticut's 1st Congressional District, **14,000 youth and 104,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$315,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Connecticut's 1st Congressional District, an estimated **33,000 children benefited from federal Title I education funding in 2021**, including 15,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$32.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$38.3 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Connecticut's 1st Congressional District, there were 10,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$144 million in 2020 providing healthcare to 10,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$31.6 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Joe Courtney:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Connecticut's 2nd Congressional District:

Job Training

In Connecticut's 2nd Congressional District, **17,000 youth and 88,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$318,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Connecticut's 2nd Congressional District, an estimated **17,000 children benefited from federal Title I education funding in 2021**, including 9,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$16.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$19.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Connecticut's 2nd Congressional District, there were 13,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$149 million in 2020 providing healthcare to 12,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$32.9 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

CHAIR ROSA DELAURO

Prepared for Representative Val Demings:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Florida's 10th Congressional District:

Job Training

In Florida's 10th Congressional District, **19,000 youth and 157,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$402,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Florida's 10th Congressional District, an estimated **46,000 children benefited from federal Title I education funding in 2021**, including 24,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$46.1 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$54.3 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Florida's 10th Congressional District, there were 12,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$188 million in 2020 providing healthcare to 14,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$41.3 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Charlie Crist:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Florida's 13th Congressional District:

Job Training

In Florida's 13th Congressional District, **11,000 youth and 136,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.6 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$292,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Florida's 13th Congressional District, an estimated **29,000 children benefited from federal Title I education funding in 2021**, including 11,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$18.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$21.8 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Florida's 13th Congressional District, there were 31,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$506 million in 2020 providing healthcare to 25,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$111.3 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Kathy Castor:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Florida's 14th Congressional District:

Job Training

In Florida's 14th Congressional District, **20,000 youth and 145,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.8 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$395,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Florida's 14th Congressional District, an estimated **68,000 children benefited from federal Title I education funding in 2021**, including 23,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$42.1 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$49.7 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Florida's 14th Congressional District, there were 18,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$370 million in 2020 providing healthcare to 18,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$81.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Lois Frankel:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Florida's 21st Congressional District:

Job Training

In Florida's 21st Congressional District, **14,000 youth and 133,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$320,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Florida's 21st Congressional District, an estimated **48,000 children benefited from federal Title I education funding in 2021**, including 14,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$25.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$29.9 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Florida's 21st Congressional District, there were 17,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$181 million in 2020 providing healthcare to 15,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$39.8 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Theodore Deutch:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Florida's 22nd Congressional District:

Job Training

In Florida's 22nd Congressional District, **15,000 youth and 126,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$317,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Florida's 22nd Congressional District, an estimated **46,000 children benefited from federal Title I education funding in 2021**, including 14,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$26.1 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$30.8 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Florida's 22nd Congressional District, there were 10,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$130 million in 2020 providing healthcare to 11,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$28.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Debbie Wasserman Schultz:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Florida's 23rd Congressional District:

Job Training

In Florida's 23rd Congressional District, **11,000 youth and 111,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.1 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$251,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Florida's 23rd Congressional District, an estimated **36,000 children benefited from federal Title I education funding in 2021**, including 11,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$20.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$24.6 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Florida's 23rd Congressional District, there were 8,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$100 million in 2020 providing healthcare to 8,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$21.9 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

Prepared for Representative Frederica Wilson:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Florida's 24th Congressional District:

Job Training

In Florida's 24th Congressional District, **21,000 youth and 199,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.8 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$475,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Florida's 24th Congressional District, an estimated **91,000 children benefited from federal Title I education funding in 2021**, including 27,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$51.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$60.5 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Florida's 24th Congressional District, there were 8,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$202 million in 2020 providing healthcare to 8,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$44.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$317,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Georgia's 13th Congressional District, an estimated **81,000 children benefited from federal Title I education funding in 2021**, including 26,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$44.7 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$52.7 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Georgia's 13th Congressional District, there were 23,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$219 million in 2020 providing healthcare to 20,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$48.2 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Ed Case:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Hawaii's 1st Congressional District:

Job Training

In Hawaii's 1st Congressional District, **12,000 youth and 104,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$1.7 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$138,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Hawaii's 1st Congressional District, an estimated **29,000 children benefited from federal Title I education funding in 2021**, including children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$0.0 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$0.0 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Hawaii's 1st Congressional District, there were 18,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$212 million in 2020 providing healthcare to 15,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$46.6 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Illinois' 9th Congressional District:

Job Training

In Illinois' 9th Congressional District, **14,000 youth and 98,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.3 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$351,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Illinois' 9th Congressional District, an estimated **36,000 children benefited from federal Title I education funding in 2021**, including 9,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$21.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$25.1 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Illinois' 9th Congressional District, there were 7,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$77 million in 2020 providing healthcare to 5,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$17.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Brad Schneider:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Illinois' 10th Congressional District:

Job Training

In Illinois' 10th Congressional District, **12,000 youth and 78,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$285,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Illinois' 10th Congressional District, an estimated **35,000 children benefited from federal Title I education funding in 2021**, including 11,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$18.6 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$21.9 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Illinois' 10th Congressional District, there were 11,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$184 million in 2020 providing healthcare to 9,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$40.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Bill Foster:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Illinois' 11th Congressional District:

Job Training

In Illinois' 11th Congressional District, **15,000 youth and 90,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$343,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Illinois' 11th Congressional District, an estimated **52,000 children benefited from federal Title I education funding in 2021**, including 13,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$23.1 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$27.3 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Illinois' 11th Congressional District, there were 9,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$97 million in 2020 providing healthcare to 7,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$21.3 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Lauren Underwood:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Illinois' 14th Congressional District:

Job Training

In Illinois' 14th Congressional District, **10,000 youth and 70,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.1 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$253,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Illinois' 14th Congressional District, an estimated **16,000 children benefited from federal Title I education funding in 2021**, including 6,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$8.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$10.0 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Illinois' 14th Congressional District, there were 12,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$125 million in 2020 providing healthcare to 9,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$27.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Cheri Bustos:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Illinois' 17th Congressional District:

Job Training

In Illinois' 17th Congressional District, **17,000 youth and 111,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.0 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$405,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Illinois' 17th Congressional District, an estimated **60,000 children benefited from federal Title I education funding in 2021**, including 22,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$46.7 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$55.1 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Illinois' 17th Congressional District, there were 16,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$173 million in 2020 providing healthcare to 15,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$38.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Frank Mrvan:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Indiana's 1st Congressional District:

Job Training

In Indiana's 1st Congressional District, **17,000 youth and 125,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.8 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$225,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Indiana's 1st Congressional District, an estimated **45,000 children benefited from federal Title I education funding in 2021**, including 21,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$39.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$46.6 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Indiana's 1st Congressional District, there were 11,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$133 million in 2020 providing healthcare to 11,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$29.3 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative André Carson:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Indiana's 7th Congressional District:

Job Training

In Indiana's 7th Congressional District, **23,000 youth and 152,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$284,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Indiana's 7th Congressional District, an estimated **64,000 children benefited from federal Title I education funding in 2021**, including 28,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$49.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$58.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Indiana's 7th Congressional District, there were 16,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$279 million in 2020 providing healthcare to 14,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$61.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Cynthia Axne:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Iowa's 3rd Congressional District:

Job Training

In Iowa's 3rd Congressional District, **14,000 youth and 103,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$1.6 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$131,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Iowa's 3rd Congressional District, an estimated **32,000 children benefited from federal Title I education funding in 2021**, including 15,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$25.0 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$29.5 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Iowa's 3rd Congressional District, there were 20,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$270 million in 2020 providing healthcare to 17,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$59.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Kentucky's 3rd Congressional District:

Job Training

In Kentucky's 3rd Congressional District, **17,000 youth and 125,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$399,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Kentucky's 3rd Congressional District, an estimated **58,000 children benefited from federal Title I education funding in 2021**, including 21,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$49.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$58.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Kentucky's 3rd Congressional District, there were 18,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$207 million in 2020 providing healthcare to 15,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$45.6 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Troy A. Carter, Sr.:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Louisiana's 2nd Congressional District:

Job Training

In Louisiana's 2nd Congressional District, **22,000 youth and 170,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$449,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Louisiana's 2nd Congressional District, an estimated **67,000 children benefited from federal Title I education funding in 2021**, including 39,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$74.7 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$88.1 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Louisiana's 2nd Congressional District, there were 16,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$336 million in 2020 providing healthcare to 15,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$73.9 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Chellie Pingree:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Maine's 1st Congressional District:

Job Training

In Maine's 1st Congressional District, **13,000 youth and 99,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$177,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Maine's 1st Congressional District, an estimated **13,000 children benefited from federal Title I education funding in 2021**, including 9,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$19.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$22.8 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Maine's 1st Congressional District, there were 18,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$234 million in 2020 providing healthcare to 17,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$51.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

In Maryland's 3rd Congressional District, **12,000 youth and 87,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$315,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Maryland's 3rd Congressional District, an estimated **17,000 children benefited from federal Title I education funding in 2021**, including 11,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$27.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$32.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Maryland's 3rd Congressional District, there were 13,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$131 million in 2020 providing healthcare to 8,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$28.8 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Anthony Brown:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Maryland's 4th Congressional District:

Job Training

In Maryland's 4th Congressional District, **14,000 youth and 98,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$363,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Maryland's 4th Congressional District, an estimated **38,000 children benefited from federal Title I education funding in 2021**, including 15,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$39.6 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$46.7 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Maryland's 4th Congressional District, there were 18,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$207 million in 2020 providing healthcare to 12,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$45.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Steny Hoyer:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Maryland's 5th Congressional District:

Job Training

In Maryland's 5th Congressional District, **11,000 youth and 82,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.6 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$290,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Maryland's 5th Congressional District, an estimated **25,000 children benefited from federal Title I education funding in 2021**, including 13,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$29.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$34.5 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Maryland's 5th Congressional District, there were 20,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$177 million in 2020 providing healthcare to 14,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$38.8 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative David Trone:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Maryland's 6th Congressional District:

Job Training

In Maryland's 6th Congressional District, **13,000 youth and 96,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$344,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Maryland's 6th Congressional District, an estimated **17,000 children benefited from federal Title I education funding in 2021**, including 13,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$31.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$37.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Maryland's 6th Congressional District, there were 11,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$123 million in 2020 providing healthcare to 9,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$27.1 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Kweisi Mfume:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Maryland's 7th Congressional District:

Job Training

In Maryland's 7th Congressional District, **14,000 youth and 110,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.7 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$381,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Maryland's 7th Congressional District, an estimated **47,000 children benefited from federal Title I education funding in 2021**, including 23,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$60.9 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$71.9 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Maryland's 7th Congressional District, there were 11,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$263 million in 2020 providing healthcare to 10,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$57.9 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Jamie Raskin:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Maryland's 8th Congressional District:

Job Training

In Maryland's 8th Congressional District, **10,000 youth and 80,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.3 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$270,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Maryland's 8th Congressional District, an estimated **9,000 children benefited from federal Title I education funding in 2021**, including 9,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$21.6 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$25.5 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Maryland's 8th Congressional District, there were 9,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$70 million in 2020 providing healthcare to 5,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$15.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Massachusetts' 6th Congressional District:

Job Training

In Massachusetts' 6th Congressional District, **14,000 youth and 91,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.1 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$173,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Massachusetts' 6th Congressional District, an estimated **29,000 children benefited from federal Title I education funding in 2021**, including 9,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$14.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$17.5 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Massachusetts' 6th Congressional District, there were 14,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$187 million in 2020 providing healthcare to 9,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$41.1 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Ayanna Pressley:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Massachusetts' 7th Congressional District:

Job Training

In Massachusetts' 7th Congressional District, **35,000 youth and 140,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.1 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$337,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Massachusetts' 7th Congressional District, an estimated **63,000 children benefited from federal Title I education funding in 2021**, including 23,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$62.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$74.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Massachusetts' 7th Congressional District, there were 5,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$195 million in 2020 providing healthcare to 5,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$42.8 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Stephen Lynch:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Massachusetts' 8th Congressional District:

Job Training

In Massachusetts' 8th Congressional District, **14,000 youth and 104,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.3 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$186,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Massachusetts' 8th Congressional District, an estimated **20,000 children benefited from federal Title I education funding in 2021**, including 11,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$22.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$26.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Massachusetts' 8th Congressional District, there were 12,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$279 million in 2020 providing healthcare to 10,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$61.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative William Keating:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Massachusetts' 9th Congressional District:

Job Training

In Massachusetts' 9th Congressional District, **12,000 youth and 105,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.1 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$173,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Massachusetts' 9th Congressional District, an estimated **30,000 children benefited from federal Title I education funding in 2021**, including 13,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$24.9 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$29.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Massachusetts' 9th Congressional District, there were 13,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$186 million in 2020 providing healthcare to 13,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$41.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Daniel Kildee:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Michigan's 5th Congressional District:

Job Training

In Michigan's 5th Congressional District, **19,000 youth and 154,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$6.0 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$487,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Michigan's 5th Congressional District, an estimated **47,000 children benefited from federal Title I education funding in 2021**, including 25,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$52.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$62.0 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Michigan's 5th Congressional District, there were 17,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$168 million in 2020 providing healthcare to 13,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$37.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Elissa Slotkin:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Michigan's 8th Congressional District:

Job Training

In Michigan's 8th Congressional District, **23,000 youth and 92,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.1 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$413,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Michigan's 8th Congressional District, an estimated **20,000 children benefited from federal Title I education funding in 2021**, including 10,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$15.6 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$18.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Michigan's 8th Congressional District, there were 9,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$93 million in 2020 providing healthcare to 8,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$20.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Andy Levin:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Michigan's 9th Congressional District:

Job Training

In Michigan's 9th Congressional District, **13,000 youth and 127,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.6 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$375,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Michigan's 9th Congressional District, an estimated **35,000 children benefited from federal Title I education funding in 2021**, including 13,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$22.9 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$27.0 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Michigan's 9th Congressional District, there were 10,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$94 million in 2020 providing healthcare to 7,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$20.7 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

Prepared for Representative Ilhan Omar:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Minnesota's 5th Congressional District:

Job Training

In Minnesota's 5th Congressional District, **23,000 youth and 106,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.1 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$251,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Minnesota's 5th Congressional District, an estimated **77,000 children benefited from federal Title I education funding in 2021**, including 17,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$37.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$44.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Minnesota's 5th Congressional District, there were 11,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$174 million in 2020 providing healthcare to 8,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$38.3 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Bennie Thompson:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Mississippi's 2nd Congressional District:

Job Training

In Mississippi's 2nd Congressional District, **25,000 youth and 173,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$6.6 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$536,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Mississippi's 2nd Congressional District, an estimated **96,000 children benefited from federal Title I education funding in 2021**, including 36,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$63.0 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$74.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Mississippi's 2nd Congressional District, there were 13,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$232 million in 2020 providing healthcare to 15,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$51.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Cori Bush:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Missouri's 1st Congressional District:

Job Training

In Missouri's 1st Congressional District, **18,000 youth and 136,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.4 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$275,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Missouri's 1st Congressional District, an estimated **68,000 children benefited from federal Title I education funding in 2021**, including 26,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$52.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$61.9 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Missouri's 1st Congressional District, there were 17,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$273 million in 2020 providing healthcare to 14,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$60.1 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Emanuel Cleaver:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Missouri's 5th Congressional District:

Job Training

In Missouri's 5th Congressional District, **19,000 youth and 126,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.3 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$266,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Missouri's 5th Congressional District, an estimated **65,000 children benefited from federal Title I education funding in 2021**, including 25,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$41.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$48.9 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Missouri's 5th Congressional District, there were 19,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$299 million in 2020 providing healthcare to 17,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$65.7 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Dina Titus:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Nevada's 1st Congressional District:

Job Training

In Nevada's 1st Congressional District, **24,000 youth and 185,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$7.7 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$630,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Nevada's 1st Congressional District, an estimated **127,000 children benefited from federal Title I education funding in 2021**, including 36,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$66.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$78.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Nevada's 1st Congressional District, there were 16,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$249 million in 2020 providing healthcare to 14,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$54.7 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New Jersey's 3rd Congressional District:

Job Training

In New Jersey's 3rd Congressional District, **10,000 youth and 88,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$239,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New Jersey's 3rd Congressional District, an estimated **16,000 children benefited from federal Title I education funding in 2021**, including 8,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$13.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$16.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New Jersey's 3rd Congressional District, there were 13,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$96 million in 2020 providing healthcare to 11,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$21.1 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Josh Gottheimer:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New Jersey's 5th Congressional District:

Job Training

In New Jersey's 5th Congressional District, **8,000 youth and 75,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$201,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New Jersey's 5th Congressional District, an estimated **13,000 children benefited from federal Title I education funding in 2021**, including 5,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$7.1 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$8.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New Jersey's 5th Congressional District, there were 9,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$56 million in 2020 providing healthcare to 6,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$12.2 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Frank Pallone:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New Jersey's 6th Congressional District:

Job Training

In New Jersey's 6th Congressional District, **12,000 youth and 105,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$287,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New Jersey's 6th Congressional District, an estimated **36,000 children benefited from federal Title I education funding in 2021**, including 13,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$27.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$32.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New Jersey's 6th Congressional District, there were 6,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$57 million in 2020 providing healthcare to 5,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$12.6 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Tom Malinowski:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New Jersey's 7th Congressional District:

Job Training

In New Jersey's 7th Congressional District, **7,000 youth and 71,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$183,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New Jersey's 7th Congressional District, an estimated **15,000 children benefited from federal Title I education funding in 2021**, including 6,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$8.7 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$10.3 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New Jersey's 7th Congressional District, there were 7,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$92 million in 2020 providing healthcare to 5,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$20.2 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Albio Sires:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New Jersey's 8th Congressional District:

Job Training

In New Jersey's 8th Congressional District, **20,000 youth and 176,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$6.0 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$487,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New Jersey's 8th Congressional District, an estimated **89,000 children benefited from federal Title I education funding in 2021**, including 26,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$65.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$77.3 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New Jersey's 8th Congressional District, there were 3,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$51 million in 2020 providing healthcare to 4,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$11.3 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Bill Pascrell:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New Jersey's 9th Congressional District:

Job Training

In New Jersey's 9th Congressional District, **19,000 youth and 149,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.4 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$437,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New Jersey's 9th Congressional District, an estimated **51,000 children benefited from federal Title I education funding in 2021**, including 19,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$44.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$52.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New Jersey's 9th Congressional District, there were 4,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$51 million in 2020 providing healthcare to 4,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$11.1 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Donald Payne, Jr.:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New Jersey's 10th Congressional District:

Job Training

In New Jersey's 10th Congressional District, **22,000 youth and 166,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$6.2 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$504,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New Jersey's 10th Congressional District, an estimated **67,000 children benefited from federal Title I education funding in 2021**, including 24,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$59.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$70.1 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New Jersey's 10th Congressional District, there were 8,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$160 million in 2020 providing healthcare to 6,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$35.2 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Mikie Sherrill:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New Jersey's 11th Congressional District:

Job Training

In New Jersey's 11th Congressional District, **9,000 youth and 72,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$206,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New Jersey's 11th Congressional District, an estimated **8,000 children benefited from federal Title I education funding in 2021**, including 5,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$6.9 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$8.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New Jersey's 11th Congressional District, there were 5,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$55 million in 2020 providing healthcare to 4,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$12.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

Prepared for Representative Grace Meng:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New York's 6th Congressional District:

Job Training

In New York's 6th Congressional District, **12,000 youth and 159,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.8 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$307,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New York's 6th Congressional District, an estimated **29,000 children benefited from federal Title I education funding in 2021**, including 10,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$27.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$32.8 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New York's 6th Congressional District, there were 4,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$39 million in 2020 providing healthcare to 2,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$8.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Nydia Velázquez:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New York's 7th Congressional District:

Job Training

In New York's 7th Congressional District, **20,000 youth and 181,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.0 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$408,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New York's 7th Congressional District, an estimated **95,000 children benefited from federal Title I education funding in 2021**, including 31,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$90.1 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$106.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New York's 7th Congressional District, there were 2,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$52 million in 2020 providing healthcare to 2,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$11.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Hakeem Jeffries:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New York's 8th Congressional District:

Job Training

In New York's 8th Congressional District, **22,000 youth and 187,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.3 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$429,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New York's 8th Congressional District, an estimated **95,000 children benefited from federal Title I education funding in 2021**, including 31,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$90.1 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$106.3 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New York's 8th Congressional District, there were 5,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$107 million in 2020 providing healthcare to 5,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$23.6 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Yvette Clarke:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New York's 9th Congressional District:

Job Training

In New York's 9th Congressional District, **19,000 youth and 171,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.7 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$382,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New York's 9th Congressional District, an estimated **54,000 children benefited from federal Title I education funding in 2021**, including 18,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$51.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$61.1 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New York's 9th Congressional District, there were 4,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$77 million in 2020 providing healthcare to 3,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$16.9 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Jerrold Nadler:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New York's 10th Congressional District:

Job Training

In New York's 10th Congressional District, **14,000 youth and 131,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$286,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New York's 10th Congressional District, an estimated **61,000 children benefited from federal Title I education funding in 2021**, including 20,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$58.6 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$69.1 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New York's 10th Congressional District, there were 4,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$56 million in 2020 providing healthcare to 2,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$12.2 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Carolyn Maloney:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New York's 12th Congressional District:

Job Training

In New York's 12th Congressional District, **10,000 youth and 103,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.7 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$217,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New York's 12th Congressional District, an estimated **10,000 children benefited from federal Title I education funding in 2021**, including 3,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$9.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$11.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New York's 12th Congressional District, there were 4,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$66 million in 2020 providing healthcare to 3,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$14.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Job Training

In New York's 20th Congressional District, **18,000 youth and 109,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.7 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$301,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New York's 20th Congressional District, an estimated **40,000 children benefited from federal Title I education funding in 2021**, including 15,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$27.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$32.3 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New York's 20th Congressional District, there were 14,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$169 million in 2020 providing healthcare to 10,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$37.2 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Joseph Morelle:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New York's 25th Congressional District:

Job Training

In New York's 25th Congressional District, **19,000 youth and 130,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.1 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$338,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New York's 25th Congressional District, an estimated **42,000 children benefited from federal Title I education funding in 2021**, including 20,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$43.2 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$51.0 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New York's 25th Congressional District, there were 10,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$123 million in 2020 providing healthcare to 11,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$27.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Brian Higgins:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on New York's 26th Congressional District:

Job Training

In New York's 26th Congressional District, **21,000 youth and 147,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$369,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In New York's 26th Congressional District, an estimated **50,000 children benefited from federal Title I education funding in 2021**, including 25,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$55.6 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$65.6 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In New York's 26th Congressional District, there were 17,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$230 million in 2020 providing healthcare to 13,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$50.6 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative G.K. Butterfield:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on North Carolina's 1st Congressional District:

Job Training

In North Carolina's 1st Congressional District, **22,000 youth and 153,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.4 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$439,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In North Carolina's 1st Congressional District, an estimated **65,000 children benefited from federal Title I education funding in 2021**, including 29,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$46.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$54.9 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In North Carolina's 1st Congressional District, there were 21,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$295 million in 2020 providing healthcare to 15,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$64.9 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Oregon's 3rd Congressional District:

Job Training

In Oregon's 3rd Congressional District, **18,000 youth and 152,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$316,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Oregon's 3rd Congressional District, an estimated **33,000 children benefited from federal Title I education funding in 2021**, including 15,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$28.1 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$33.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Oregon's 3rd Congressional District, there were 17,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$278 million in 2020 providing healthcare to 13,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$61.2 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Peter DeFazio:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Oregon's 4th Congressional District:

Job Training

In Oregon's 4th Congressional District, **25,000 youth and 156,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.6 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$376,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Oregon's 4th Congressional District, an estimated **42,000 children benefited from federal Title I education funding in 2021**, including 17,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$31.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$37.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Oregon's 4th Congressional District, there were 38,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$488 million in 2020 providing healthcare to 29,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$107.3 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Kurt Schrader:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Oregon's 5th Congressional District:

Job Training

In Oregon's 5th Congressional District, **19,000 youth and 132,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.7 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$300,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Oregon's 5th Congressional District, an estimated **49,000 children benefited from federal Title I education funding in 2021**, including 15,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$26.9 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$31.7 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Oregon's 5th Congressional District, there were 18,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$246 million in 2020 providing healthcare to 17,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$54.2 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Brendan Boyle:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Pennsylvania's 2nd Congressional District:

Job Training

In Pennsylvania's 2nd Congressional District, **23,000 youth and 189,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$6.3 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$514,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Pennsylvania's 2nd Congressional District, an estimated **81,000 children benefited from federal Title I education funding in 2021**, including 47,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$153.0 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$180.5 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Pennsylvania's 2nd Congressional District, there were 10,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$103 million in 2020 providing healthcare to 6,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$22.6 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Dwight Evans:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Pennsylvania's 3rd Congressional District:

Job Training

In Pennsylvania's 3rd Congressional District, **25,000 youth and 175,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$6.3 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$516,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Pennsylvania's 3rd Congressional District, an estimated **50,000 children benefited from federal Title I education funding in 2021**, including 29,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$95.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$112.6 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Pennsylvania's 3rd Congressional District, there were 11,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$221 million in 2020 providing healthcare to 10,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$48.7 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

Prepared for Representative Madeleine Dean:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Pennsylvania's 4th Congressional District:

Job Training

In Pennsylvania's 4th Congressional District, **10,000 youth and 66,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.4 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$197,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Pennsylvania's 4th Congressional District, an estimated **15,000 children benefited from federal Title I education funding in 2021**, including 8,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$12.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$15.1 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Pennsylvania's 4th Congressional District, there were 9,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$67 million in 2020 providing healthcare to 7,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$14.7 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Rhode Island's 2nd Congressional District:

Job Training

In Rhode Island's 2nd Congressional District, **13,000 youth and 77,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$235,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Rhode Island's 2nd Congressional District, an estimated **18,000 children benefited from federal Title I education funding in 2021**, including 9,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$21.1 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$24.9 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Rhode Island's 2nd Congressional District, there were 10,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$161 million in 2020 providing healthcare to 10,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$35.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative James Clyburn:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on South Carolina's 6th Congressional District:

Job Training

In South Carolina's 6th Congressional District, **21,000 youth and 137,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$284,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In South Carolina's 6th Congressional District, an estimated **67,000 children benefited from federal Title I education funding in 2021**, including 28,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$52.9 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$62.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In South Carolina's 6th Congressional District, there were 25,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$344 million in 2020 providing healthcare to 23,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$75.6 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Jim Cooper:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Tennessee's 5th Congressional District:

Job Training

In Tennessee's 5th Congressional District, **18,000 youth and 123,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.8 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$311,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Tennessee's 5th Congressional District, an estimated **80,000 children benefited from federal Title I education funding in 2021**, including 19,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$42.0 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$49.6 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Tennessee's 5th Congressional District, there were 12,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$217 million in 2020 providing healthcare to 11,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$47.7 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Steve Cohen:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Tennessee's 9th Congressional District:

Job Training

In Tennessee's 9th Congressional District, **24,000 youth and 153,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.8 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$395,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Tennessee's 9th Congressional District, an estimated **92,000 children benefited from federal Title I education funding in 2021**, including 33,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$66.2 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$78.1 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Tennessee's 9th Congressional District, there were 21,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$306 million in 2020 providing healthcare to 14,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$67.3 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Texas' 30th Congressional District:

Job Training

In Texas' 30th Congressional District, **25,000 youth and 152,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.4 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$360,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Texas' 30th Congressional District, an estimated **124,000 children benefited from federal Title I education funding in 2021**, including 37,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$66.8 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$78.8 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Texas' 30th Congressional District, there were 15,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$277 million in 2020 providing healthcare to 14,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$61.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Colin Allred:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Texas' 32nd Congressional District:

Job Training

In Texas' 32nd Congressional District, **16,000 youth and 105,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.0 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$241,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Texas' 32nd Congressional District, an estimated **90,000 children benefited from federal Title I education funding in 2021**, including 21,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$35.2 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$41.5 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Texas' 32nd Congressional District, there were 8,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$98 million in 2020 providing healthcare to 7,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$21.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Marc Veasey:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Texas' 33rd Congressional District:

Job Training

In Texas' 33rd Congressional District, **26,000 youth and 152,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.6 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$371,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Texas' 33rd Congressional District, an estimated **173,000 children benefited from federal Title I education funding in 2021**, including 44,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$79.7 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$94.1 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Texas' 33rd Congressional District, there were 8,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$102 million in 2020 providing healthcare to 7,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$22.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Filemon Vela:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Texas' 34th Congressional District:

Job Training

In Texas' 34th Congressional District, **35,000 youth and 184,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$5.8 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$472,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Texas' 34th Congressional District, an estimated **154,000 children benefited from federal Title I education funding in 2021**, including 50,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$86.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$101.9 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Texas' 34th Congressional District, there were 12,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$187 million in 2020 providing healthcare to 12,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$41.1 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Lloyd Doggett:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Texas' 35th Congressional District:

Job Training

In Texas' 35th Congressional District, **27,000 youth and 157,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.7 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$383,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Texas' 35th Congressional District, an estimated **99,000 children benefited from federal Title I education funding in 2021**, including 35,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$58.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$68.8 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Texas' 35th Congressional District, there were 21,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$234 million in 2020 providing healthcare to 18,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$51.5 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Peter Welch:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Vermont:

Job Training

In Vermont, **14,000 youth and 74,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$4.4 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$357,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Vermont, an estimated **12,000 children benefited from federal Title I education funding in 2021**, including 2,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$9.3 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$11.0 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Vermont, there were 15,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$194 million in 2020 providing healthcare to 14,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$42.6 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Virginia's 2nd Congressional District:

Job Training

In Virginia's 2nd Congressional District, **13,000 youth and 82,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$1.8 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$148,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Virginia's 2nd Congressional District, an estimated **20,000 children benefited from federal Title I education funding in 2021**, including 12,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$23.0 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$27.1 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Virginia's 2nd Congressional District, there were 29,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$174 million in 2020 providing healthcare to 19,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$38.2 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Robert C. “Bobby” Scott:

The Appropriations Committee’s spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Virginia’s 3rd Congressional District:

Job Training

In Virginia’s 3rd Congressional District, **17,000 youth and 117,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$2.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats’ appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$203,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Virginia’s 3rd Congressional District, an estimated **50,000 children benefited from federal Title I education funding in 2021**, including 27,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$49.4 million in Title I funds.

House Democrats’ appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$58.3 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans’ Health Care

In Virginia’s 3rd Congressional District, there were 29,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$334 million in 2020 providing healthcare to 25,000 veterans in the district.

House Democrats’ appropriations bill provides \$98.5 billion for veterans’ healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$73.5 million in funding for veterans’ healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women’s health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans’ health and quality of life.

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Washington's 1st Congressional District:

Job Training

In Washington's 1st Congressional District, **11,000 youth and 86,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.0 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$244,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Washington's 1st Congressional District, an estimated **21,000 children benefited from federal Title I education funding in 2021**, including 8,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$12.2 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$14.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Washington's 1st Congressional District, there were 13,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$94 million in 2020 providing healthcare to 8,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$20.6 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Rick Larsen:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Washington's 2nd Congressional District:

Job Training

In Washington's 2nd Congressional District, **15,000 youth and 114,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$321,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Washington's 2nd Congressional District, an estimated **27,000 children benefited from federal Title I education funding in 2021**, including 11,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$20.0 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$23.6 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Washington's 2nd Congressional District, there were 19,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$132 million in 2020 providing healthcare to 11,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$29.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Derek Kilmer:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Washington's 6th Congressional District:

Job Training

In Washington's 6th Congressional District, **13,000 youth and 110,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$289,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Washington's 6th Congressional District, an estimated **40,000 children benefited from federal Title I education funding in 2021**, including 12,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$24.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$28.8 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Washington's 6th Congressional District, there were 27,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$214 million in 2020 providing healthcare to 19,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$47.1 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Pramila Jayapal:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Washington's 7th Congressional District:

Job Training

In Washington's 7th Congressional District, **16,000 youth and 103,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.9 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$319,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Washington's 7th Congressional District, an estimated **18,000 children benefited from federal Title I education funding in 2021**, including 5,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$11.2 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$13.2 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Washington's 7th Congressional District, there were 11,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$122 million in 2020 providing healthcare to 6,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$26.8 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

CHAIR ROSA DELAURO

Prepared for Representative Kim Schrier:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Washington's 8th Congressional District:

Job Training

In Washington's 8th Congressional District, **14,000 youth and 100,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.5 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$286,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Washington's 8th Congressional District, an estimated **41,000 children benefited from federal Title I education funding in 2021**, including 12,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$21.5 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$25.4 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Washington's 8th Congressional District, there were 15,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$150 million in 2020 providing healthcare to 11,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$33.0 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.

HOUSE COMMITTEE *on* APPROPRIATIONS

Prepared for Representative Adam Smith:

The Appropriations Committee's spending package, H.R. 4205, provides historic, transformative increases in funding for critical domestic priorities. This funding will create good-paying American jobs, grow opportunity for the middle class and small businesses, and provide a lifeline to working families and the vulnerable. Research compiled by Co-Equal demonstrates a few examples of the estimated real-life impact of these investments on Washington's 9th Congressional District:

Job Training

In Washington's 9th Congressional District, **13,000 youth and 115,000 adults are eligible to receive federally funded job training**. In 2020, the district received \$3.8 million in Workforce Innovation and Opportunity Act (WIOA) Adult and Youth State Grants.

House Democrats' appropriations bill provides \$3.1 billion in WIOA funds for job training for disadvantaged youth and adults, and for assistance to dislocated workers, an **8.8 percent increase** over 2021.

This increase would provide \$306,000 in additional WIOA funds for job training in the district. The additional funds support middle class and working families by helping youth and adults obtain good-paying jobs.

Public Education

In Washington's 9th Congressional District, an estimated **46,000 children benefited from federal Title I education funding in 2021**, including 13,000 children living in poverty, receiving monthly Temporary Assistance for Needy Families (TANF), or in foster care or delinquency. In 2021, the district received \$27.4 million in Title I funds.

House Democrats' appropriations bill provides \$36 billion in Title I funds, a **118 percent increase** over 2021.

This increase would provide \$32.3 million in additional funding for schools in the district to support these children at risk of failing out of school.

Veterans' Health Care

In Washington's 9th Congressional District, there were 11,000 veterans signed up to receive healthcare from the Veterans Health Administration (VHA) in 2020. The VHA spent \$193 million in 2020 providing healthcare to 8,000 veterans in the district.

House Democrats' appropriations bill provides \$98.5 billion for veterans' healthcare, an **8 percent increase** over 2021.

This increase would provide an additional \$42.4 million in funding for veterans' healthcare in the district. These additional funds will enable the VHA to improve access to health care in key areas like women's health, mental health, and opioid treatment; provide more veterans with home and community-based services; recruit and retain nurses and physicians; and support crucial medical research that improves veterans' health and quality of life.
